| Electrical data   Supply               |                      |
|----------------------------------------|----------------------|
| Operating voltage AC                   | 48 V                 |
| Operating voltage DC                   | 48 V                 |
| Current operating per contact max.     | 16 A                 |
| Device protection   Electrical         |                      |
| Degree of protection (EN IEC 60529)    | IP65                 |
| Additional condition protection degree | inserted, locked     |
| Mechanical data   Material data        |                      |
| Coating housing                        | powder-coated        |
| Material housing                       | Aluminum die casting |
| Mechanical data   Mounting data        |                      |
| Height                                 | 94 mm                |
| Width                                  | 61 mm                |

|       |        |
|-------|--------|
| Depth | 149 mm |
|-------|--------|

|                    |                          |
|--------------------|--------------------------|
| Looking techniques | 2-hand fixing (2 clamps) |
|--------------------|--------------------------|

**Environmental characteristics | Climatic**

|                            |        |
|----------------------------|--------|
| Operating temperature min. | -25 °C |
|----------------------------|--------|

|                            |       |
|----------------------------|-------|
| Operating temperature max. | 70 °C |
|----------------------------|-------|

|                          |        |
|--------------------------|--------|
| Storage temperature min. | -25 °C |
|--------------------------|--------|

|                          |       |
|--------------------------|-------|
| Storage temperature max. | 85 °C |
|--------------------------|-------|
