

**M8 male 90° / M8 female 90° A-cod.**

PUR 3x0.25 bk UL/CSA+robot+drag ch. 1m

Male 90° – female 90°

Zinc die casting, save-cover coated

M8 – M8, 3-pole

Art-No. 7005 - M8 Lite - (plastic hexagonal screw) on request

Further cable lengths on request.

Plastic housings with good resistance against chemicals and oils.

The resistance to aggressive media should be individually tested for your application. Further details on request.

|                                    |      |
|------------------------------------|------|
| Operating voltage AC               | 50 V |
| Operating voltage DC               | 60 V |
| Operating voltage AC (UL-listed)   | 30 V |
| Operating voltage DC (UL-listed)   | 30 V |
| Current operating per contact max. | 4 A  |

#### Diagnostics

|                       |    |
|-----------------------|----|
| Status indication LED | no |
|-----------------------|----|

#### Device protection | Electrical

|                                        |                         |
|----------------------------------------|-------------------------|
| Degree of protection (EN IEC 60529)    | IP65, IP67, IP68, IP66K |
| Additional condition protection degree | inserted, screwed       |
| Pollution Degree                       | 3                       |
| Rated surge voltage                    | 1,5 kV                  |
| Material group (IEC 60664-1)           | I                       |

#### Mechanical data | Material data

|                  |                   |
|------------------|-------------------|
| Coating locking  | safe-cover coated |
| Material gasket  | FKM               |
| Material housing | PUR               |
| Locking material | Zinc die-casting  |

#### Mechanical data | Mounting data

|                 |                                       |
|-----------------|---------------------------------------|
| Mounting method | inserted, screwed, Shaking protection |
|-----------------|---------------------------------------|

#### Environmental characteristics | Climatic

|                                        |                            |
|----------------------------------------|----------------------------|
| Operating temperature min.             | -25 °C                     |
| Operating temperature max.             | 85 °C                      |
| Additional condition temperature range | depending on cable quality |

#### Important installation notes

|                        |                                                                                                                                                       |
|------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------|
| Note on strain relief  | Protect the connectors by suitable measures from mechanical loads, e.g. by the usage of cable ties.                                                   |
| Note on bending radius | <b>Attention:</b> Observe the permissible bending radii when laying cables, as the IP protection class can be endangered by excessive bending forces. |

#### Conformity

|                  |                         |
|------------------|-------------------------|
| Product standard | DIN EN 61076-2-114 (M8) |
|------------------|-------------------------|

#### Installation | Cable

|                                          |                                                                |
|------------------------------------------|----------------------------------------------------------------|
| Cable identification                     | 650                                                            |
| Cable Type                               | 5                                                              |
