

**M8 male 0° snap-in/ M12 female 90° A-cod. screw-in**

PVC 3x0.25 ye UL/CSA 2m

Male straight – female 90°

M8 (Snap In) – M12, 3-pole

Art-No. 7005 - M12 Lite - (plastic hexagonal screw) on request

Further cable lengths on request.

Plastic housings with good resistance against chemicals and oils.

The resistance to aggressive media should be individually tested for your application. Further details on request.

| Operating voltage AC (UL-listed)          | 30 V                                  |
| Operating voltage DC (UL-listed)          | 30 V                                  |
| Current operating per contact max.        | 4 A                                   |
| Device protection   Electrical            |                                       |
| Pollution Degree                          | 3                                     |
| Rated surge voltage                       | 1,5 kV                                |
| Material group (IEC 60664-1)              | I                                     |
| Mechanical data   Material data           |                                       |

|                       |                  |
|-----------------------|------------------|
| Locking screw coating | Nickeled         |
| Material housing      | PUR              |
| Locking material      | Zinc die-casting |

#### Environmental characteristics | Climatic

|                                        |                            |
|----------------------------------------|----------------------------|
| Operating temperature min.             | -25 °C                     |
| Operating temperature max.             | 85 °C                      |
| Additional condition temperature range | depending on cable quality |

#### Important installation notes

|                        |                                                                                                                                                       |
|------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------|
| Note on strain relief  | Protect the connectors by suitable measures from mechanical loads, e.g. by the usage of cable ties.                                                   |
| Note on bending radius | <b>Attention:</b> Observe the permissible bending radii when laying cables, as the IP protection class can be endangered by excessive bending forces. |

#### Conformity

|                  |                                                   |
|------------------|---------------------------------------------------|
| Product standard | DIN EN 61076-2-101 (M12), DIN EN 61076-2-114 (M8) |
|------------------|---------------------------------------------------|

#### Installation | Cable

|                                                   |                                                     |
